Delete All Class Sections .....	37
Schedule a Multiple Component Course .....	40

## Course Catalog

This section shows how to view the course information maintained by Undergraduate Studies. The course catalog pages are used to create and change existing courses in the catalog.

1. From the **Main Menu**, navigate to **Curriculum Management > Course Catalog**.
2. Click **Course Catalog**.

### ***The Course Catalog search page displays.***

3. Enter the following information:
  - **Academic Institution:** SJ000
  - **Subject Area**
4. Click the **Search** button.

*Note: To narrow the search results, you can enter the catalog number.*

### Course Catalog

Enter any information you have and click Search. Leave fields blank if

The Catalog Data page displays.

6. Use this page to verify basic information about the course, such as **Title, Description and Units.**

(See **Field Descriptions** below and on the following pages.)

The screenshot shows the 'Catalog Data' tab for Course ID 009494. The 'Effective Date' is 01/25/2010 and the 'Status' is Active. The 'Description' is 'Green Prod Design'. The 'Long Course Title' is 'Green & Sustainable Product Design'. The 'Long Description' is 'Advanced product and process design with a focus on green and sustainable design and on manufacturing green products. Analysis of process and material selection for environmental impact. Composite and advanced materials processing. Laboratory exercises and planning for green manufacturing.' The 'Course Offering' is TECH 140. The 'Course Units/Hours/Count' section shows: Minimum Units: 3.00, Maximum Units: 3.00, Academic Progress Units: 3.00, Financial Aid Progress Units: 3.00, Last Course of Mult Term Seq: , Enrollment Unit Load Calc Type: Actual Units, Course Count: 1.00, and Course Contact Hours: 0.00.

**Field Description List: Catalog Data Page (above)**

Field Name	Description
<b>Course ID</b>	System generates a unique number assigned to the course once the information is saved.
<b>Effective Date</b>	Verify the effective date for the course.
<b>Status</b>	Verify that the course is an Active course.
<b>Course Offering</b>	Verify the Subject Area and Catalog Number.
<b>Description</b>	Verify the Abbreviated Course Title.
<b>Long Course Title</b>	Verify the Course Title.
<b>Long Description</b>	Review the Long Course Description. Included in the description field is the course Prerequisites, Repeat for Credit, Misc/Labs and Course Notes.
<b>Minimum Units</b>	Verify the Minimum Units listed for the Course.
<b>Maximum Units</b>	Verify the Maximum Units listed for the Course.
<b>Academic Progress Units</b>	Defaults from the Minimum Units value entered.
<b>Financial Aid Progress Units</b>	Defaults from the Minimum Units value entered.
<b>Last Course of Multi Term Seq</b>	Not using this field

Field Name	Description
Enrollment Unit Load Calc Type	Defaults to Actual Units.
Course Count	Defaults to 1.00. Not using this field.
Course Contact Hours	Not using this field.

## Course Prerequisites

This section shows how to view course prerequisites. Prerequisites are attached to a course to ensure that the students enrolling have met predetermined conditions. The **MySJSU** (PeopleSoft HSJPRD) system will check a student's academic level, major, test (ELM, EPT, and WST) and course completion.

1. From the **Main Menu**, navigate to **Curriculum Management > Enrollment Requirements**.
2. Click **Enrollment Requisite Summary**.

*The Enrollment Requisite Summary search page displays.*

3. Enter the **Subject Area** and/or **Catalog Number**.
4. If you are unsure, use the **lookup** button for a list of valid values.
5. Click the **Search** button.

Field Name	Description
<b>Session</b>	Defaults to 1 for the Regular Academic Session. Do not override.
<b>Class Number</b>	Defaults to 0. System generated, once class is saved.
<b>Class Section</b>	Section number for the course. For a single-digit class section number, a leading zero must be entered (for example, class section 1 is entered as 01). This number must be unique within the course offerings.
<b>Start / End Date</b>	Defaults from the Academic Term Calendar. Override if class does not meet the entire term.
<b>Component</b>	Component (for example, lecture, lab, activity) being scheduled. The Lookup icon will provide a list of valid values.
<b>Event ID</b>	System generated, once Facility ID, Meeting Pattern and Meeting Start/End Time is entered and course information is saved.
<b>Class Type</b>	Select Enroll if this is manual enrollment component of the class. Only one component of a class can have the enrollment type. Non-enroll is selected for all other components of the class.
<b>Associated Class</b>	Defaults to 1. If scheduling a Single Component class, the Associated Class number and the Class Section number should match. If scheduling a Multiple Component or Variable Unit class, see Schedule a Multiple Component Course and Schedule a Variable Unit Classes in this guide.
<b>Campus</b>	Defaults to Main from Catalog. Cannot override.
<b>Location</b>	Defaults to Main. Do not override.
<b>Course Administrator</b>	Not using this field.
<b>Academic Organization</b>	Defaults from Catalog. Do not override.
<b>Academic Group</b>	Defaults from Catalog. Cannot override.
<b>Holiday Schedule</b>	Defaults to Student Regular from Term/Session Table. Do not override.
<b>Instruction Mode</b>	Defaults to In Person. Override if class is offered via TV, Web or Mixed Mode.
<b>Primary Instructor Section</b>	Defaults from Class Section field. Do not override.

Field Name	Description
<b>Add Fee</b>	Not using this field.
<b>Schedule Print</b>	Defaults to checked. Override if print should not be scheduled or should show in self-service.
<b>Student Specific Permission</b>	Not using this field

12. Enter the following:

- Class Instructor **ID**. If class has multiple instructors, add rows and insert additional ID numbers.
- Instructor Access

**Field Description List: Meetings Page — Bottom Part (above)**

Field Name	Description
<b>ID</b>	Employee ID of the instructor teaching the class. If faculty member's ID is not found on the Faculty/Advisor table, contact Academic Scheduling. <i>Note: Add a row for classes with multiple instructors. Enter the appropriate ID information.</i>
<b>Instructor Role</b>	Defaults to Primary Instructor. Do not override.
<b>Print</b>	Defaults to checked. Uncheck if you do not wish the faculty name to print or show. The faculty will still see the class in self-service.
<b>Access</b>	Select the value Approve.
<b>Contact</b>	Not using this field.
<b>Empl Rcd#</b>	Defaults to 0. Verify by looking at employee's HR record.
<b>Job Code</b>	Displays from the Empl Rcd# selected.

13. Click the **Workload** tab.

*The Workload page displays.*

14. Enter the **Load Factor** for the faculty member.

**Field Description List: Workload Page (above)**

Field Name	Description
<b>ID</b>	Automatically populates from the Assignment page. Do not override.
<b>Name</b>	Populates once ID is entered on Assignment page.
<b>Assign Type</b>	Displays Regular from the Assignment Type table.
<b>APDB Dept. ID</b>	Automatically populates from the Academic Organization table. Do not override.
<b>App Load</b>	Defaults to checked. Cannot Override.
<b>Load Factor</b>	Enter the Load Factor for the instructor. Add a row for each instructor. The total for the Load Factor must equal 100.
<b>Auto Cal</b>	Defaults to checked. If the instructor is assigned to more than 100%, can uncheck box.
<b>Room Characteristics</b>	Not using this field.
<b>Quantity</b>	Not using this field.

15. Click the **Enrollment Cntrl** tab.

**The Enrollment Control page Displays.**

16. Use this page to verify class status and define the room and enrollment capacity.

(See **Field Descriptions** below and on next page.)

17. Enter the following information:

- **Class Status**
- **Add Consent**
- **Requested Room Capacity**
- **Enrollment Capacity**
- **Wait List Capacity**
- **Auto Enroll from Wait List**

**Field Description List: Enrollment Control Page (above)**

Field Name	Description
<b>Class Status</b>	Defaults to Active. Can override with one of the following values: Stop Further Enrollment or Tentative Section.
<b>Class Type</b>	Displays value selected on Basic Data page.
<b>Enrollment Status</b>	Displays the status of Closed until course information is saved.
<b>Add Consent</b>	Defaults to value placed in course catalog. Can override if needed.
<b>Drop Consent</b>	Not using this field.
<b>1st Auto Enroll Section</b>	Not using this field.

Field Name	Description
<b>2nd Auto Enroll Section</b>	Not using this field.
<b>Resection to Section</b>	Not using this field.
<b>Auto Enroll from Wait List</b>	This box should be checked.
<b>Requested Room Capacity</b>	Defaults to value from the CS Number in the Course Catalog. Can override if needed. This number should be the same as the Enrollment Capacity.
<b>Enrollment Capacity</b>	Defaults to CS Number entered on the Course Catalog CS Number link on the Components page. Can override if needed. This number should be the same as the Requested Room Capacity.
<b>Wait list Capacity</b>	The Waitlist Capacity value should be 100.
<b>Minimum Enrollment Nbr</b>	Not using this field.
<b>Cancel if Student Enrolled</b>	This box should remain unchecked.
<b>Reserve Capacity Page</b>	At this time this page will not be used.

18. Click the **Notes** tab.

*The Notes page displays.*

19. Use this page to attach Class Notes to the sections of the class. Attach no more than three notes per section.

(See **Field Descriptions** below.)

20. Enter the **Notes** for the class by clicking the **Lookup** icon.

21. To add notes, click the **Add [+]** icon.

22. Click the **Save** button.

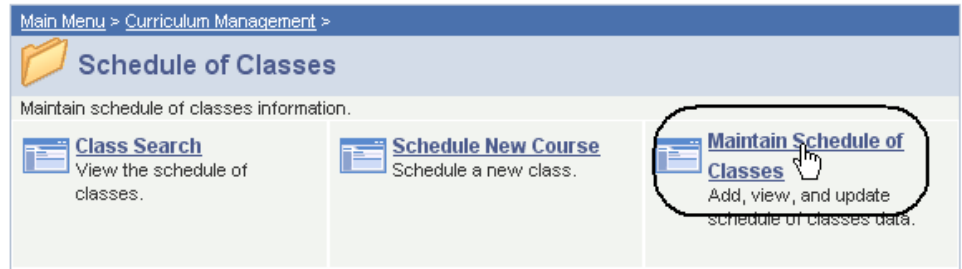

**Field Description List: Notes Page (above)**

Field Name	Description
<b>Sequence Number</b>	Defaults to 1. Do not override. This field determines the order that the notes are printed.
<b>Print Location</b>	Defaults to After. Do not override.
<b>Even if Class Not in Schedule</b>	Not using this field.
<b>Note Nbr</b>	Use the Lookup icon and select the appropriate note designated on the department spreadsheet.
<b>Free Format Text</b>	Not using this field.

## Schedule an Existing Course

This section shows how to schedule a course that was offered in the previous like term.

1. From the **Main Menu**, navigate to **Curriculum Management > Schedule of Classes**.
2. Click **Maintain Schedule of Classes**.

*The Maintain Schedule of Classes search page displays.*

3. Enter the following information:
  - **Academic Institution**
  - **Term**
  - **Subject Area**
  - **Catalog Number** or other criteria (optional)
4. Click the **Search** button.

### Maintain Schedule of Classes

Enter any information you have and click Search. Leave fields blank for :

**Find an Existing Value**

Limit the number of results to (up to 300):

**The Basic Data page displays.**

5. Use this page to enter new information or verify basic class information such as **Section, Component and Type.**

(See **Field Descriptions** below.)

6. Enter or verify the following information:

- **Class Section**
- **Start / End Date**
- **Component**
- **Class Type**
- **Associated Class**
- **Instruction Mode**
- **Schedule Print**

**Field Description List: Basic Data Page (above)**

Field Name	Description
<b>Class Section</b>	Section number for the course. For a single-digit class section number, a leading zero must be entered (for example, class section 1 is entered as 01). This number must be unique within the course and offering.
<b>Start / End Date</b>	Defaults from the Academic Term Calendar. Override if the class does not meet the entire term.
<b>Component</b>	Component (for example, lecture, lab, activity) being scheduled. The Lookup icon will provide a list of valid values.
<b>Class Type</b>	Select Enroll, if this is the manual enrollment component of the class. Only one component of a class can have the enrollment type. Non-enroll is selected for all other components of the class.

Field Name	Description
<b>Associated Class</b>	Defaults to 1. If scheduling a Single Component class, the Associated Class number and the Class Section number should match. If scheduling a Multiple Component or Variable Unit class, see Schedule a Multiple Component Course and Schedule a Variable Unit Classes in this guide.
<b>Instruction Mode</b>	Defaults to In Person. Override if class is offered via TV, web, or mixed mode.
<b>Schedule Print</b>	Defaults to checked. Override if print should not be scheduled or should show in self-service.

*The (bottom part of the) Basic Data page displays.*

7. Enter or verify a **Course Topic ID**, if appropriate.

#### Field Description List: Basic Data Page — Bottom Part (above)

Field Name	Description
<b>Course Topic ID</b>	Select the appropriate topic by clicking the Lookup icon, if the course has multiple topics.
<b>Print Topic in Schedule</b>	Check if printing different course topics in schedule.

8. Click the **Meetings** tab.

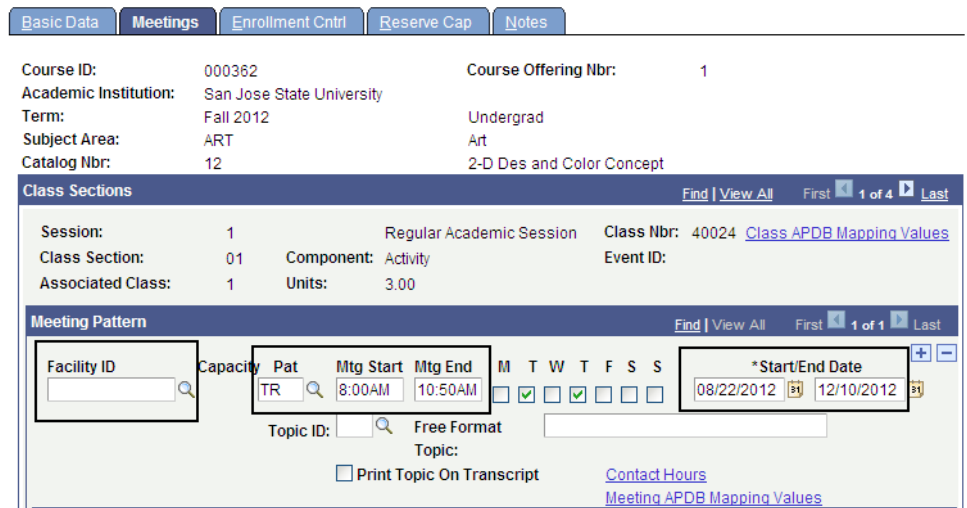

*The Meetings page displays.*

9. Use this page to designate class meeting patterns and to link instructors to classes.

10. (See **Field Descriptions** on next page.)

11. Enter or verify the following information:

- **Facility ID**
- **Meeting Pattern**
- **Meeting Start and End times**
- **Start / End Date**

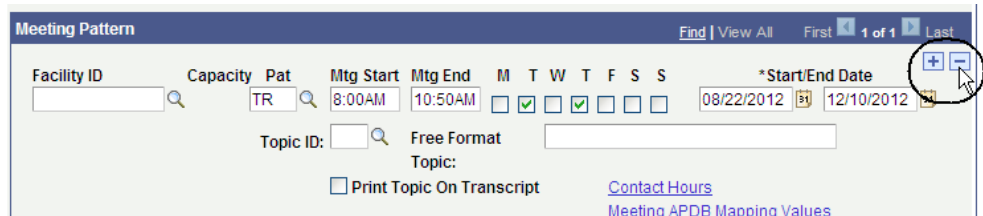

Course ID: 000362 Course Offering Nbr: 1

12. To change the facility ID or existing meeting pattern, click the **Minus [-]** icon to delete the row.

*The system asks if you wish to delete the existing meeting pattern.*

13. Click **OK**.

Delete current/selected rows from this page? The delete will occur when the transaction is saved.

**OK** **Cancel**

14. Click the **Save** button.

**A blank meeting pattern row displays.**

15. Enter the following:

- **Facility ID**
- **Meeting Pattern**
- **Meeting Start and End times**
- **Start and End Date**

*Note: Do not alter the days of the week checkboxes. Those serve as display only for classes that meet more than four days a week.*

**Field Description List: Meeting Pattern Row (above)**

Field Name	Description
<b>Facility ID</b>	Building and room number in which the class will be taught. Should only be department teaching labs or college allocated rooms.
<b>Pattern</b>	Days of the week the class is offered. A mixed-mode class has two meeting patterns.
<b>Meeting Start</b>	Time the class will begin.
<b>Meeting End</b>	Defaults from the Standard Meeting Pattern Table. Verify end time to make sure it is accurate.
<b>Start / End Date</b>	Defaults from the Session Start / End Date. Override if the class does not meet the entire term.

**The Assignment section displays.**

16. Enter or verify the following:

- Class Instructor **ID**. If a class has multiple instructors, add row and insert additional ID number.
- Instructor **Access**
- **Employee Rcd#**

**Field Description List: Assignment Section (above)**

Field Name	Description
<b>ID</b>	Employee ID of the instructor teaching the class.
<b>Instructor Role</b>	Defaults to Primary Instructor. Override if necessary.
<b>Print</b>	Defaults to checked. Do not override.
<b>Access</b>	Verify the value Approve. Do not override.
<b>Empl Rcd#</b>	Defaults to 0. Verify by looking at employees HR record.
<b>Job Code</b>	Displays from the Empl Rcd# selected.

17. Click the **Workload** tab.

**The Workload page displays.**

18. Enter or verify the **Load Factor** for the faculty member(s).

**Field Description List: Workload Page (above)**

Field Name	Description
<b>Load Factor</b>	Load Factor for the instructor. Add a row for each instructor. The total for the Load Factor must equal 100.
<b>Room Characteristics</b>	Not using this field.
<b>Quantity</b>	Not using this field.

19. Click the **Enrollment Cntrl** tab.

*The Enrollment Control page Displays.*

<b>Wait list Capacity</b>	The Waitlist Capacity value should be 100.

22. Click the **Notes** tab.

*The Notes page displays.*

23. Use this page to attach Class Notes to the sections of the class. Attach no more than three notes per section.

(See **Field Descriptions** below.)

24. Enter the **Notes** for the class by clicking the **Look up** (magnifying glass) icon.

25. To add notes, click the **Add [+]** icon.

26. Click the **Save** button.

**Field Description List: Notes Page (above)**

Field Name	Description
<b>Sequence Number</b>	Defaults in 1 do not override. This field determines the order that the notes are printed.
<b>Note Nbr</b>	Use the lookup button and select the appropriate note designated on the department's spreadsheet.

## Add and Delete Class Sections

This section shows how to create new sections of a course and delete sections that will not be offered for the term.

### Add Class Section

1. Navigate to the **Basic Data** page.
2. Click the **Add [+]** icon.

*Note: When adding, the new row inserts behind the section that is displayed. For example, if I am looking at section 3 and I click the Add + icon, the new row displays after section 3.*

**The system adds a new row of data and displays the Basic Data page.**

3. Enter the appropriate information for the new section.

*Note: Complete the New Section pages. See the section on Schedule a New Course or Schedule an Existing Course.*

[Basic Search](#) [Save Search Criteria](#)

**The Basic Data page displays.**

6. Use this page to enter new information or verify basic class information such as **Section, Component and Type.**

(See **Field Descriptions** below.)

7. Enter or verify the following information:

- **Class Section Number**
- **Start / End Date**
- **Class Type**
- **Component**
- **Associated Class**
- **Instruction Mode**
- **Schedule Print**

**Field Description List: Basic Data Page (above)**

Field Name	Description
<b>Class Section</b>	Section number for the course. For a single-digit class section number, a leading zero must be entered (for example, class section 1 is entered as 01.) This number must be unique within the course offerings.
<b>Start / End Date</b>	Defaults from the Academic Term Calendar. Override if class does not meet the entire term.
<b>Component</b>	Component (for example, lecture, lab, activity) being scheduled. The Lookup icon will provide a list of valid values.
<b>Class Type</b>	Select Enroll if this is manual enrollment component of the class. Only one component of a class can have the enrollment type. Non-enroll is selected for all other components of the class.

Field Name	Description
<b>Associated Class</b>	Defaults to 1. If specific components, for example, lecture and lab, are grouped together, the Association Numbers will be identical. For example, if Lecture 01 must be grouped with Labs 10, 11, and 12, then the four sections must have the same Associated Class Number.
<b>Instruction Mode</b>	Defaults to In Person. Must override if class is offered via TV, Web or Mixed Mode.
<b>Schedule Print</b>	Defaults to checked. Override if print should not be scheduled or should show in self-service.

**The Class Topic Section displays.**

8. Enter or verify a **Course Topic ID** if appropriate.

The screenshot shows a form titled "Class Topic". It contains a text input field labeled "Course Topic ID:" followed by a magnifying glass icon (lookup). To the right of the input field is a checkbox labeled "Print Topic in Schedule".

**Field Description List: Class Topic Section (above)**

Field Name	Description
<b>Course Topic ID</b>	Select the appropriate topic by clicking the Lookup icon, if the course has multiple topics.
<b>Print Topic in Schedule</b>	Check if printing different course topics in schedule.

9. Click the **Meetings** tab.
